Lunch

Perennials

Along with sprouts and budding plants, ramps and asparagus are the first signs of the summer to come.

It's an exciting time for chefs as they can set aside the cellared vegetables and work with these refined bright green and celebrated ingredients. All over Ontario, we line up at markets to get the first bundles of asparagus, we have food festivals dedicated to them, chefs across Ontario and Canada forage to find fiddleheads, morels and ramps.

We are pleased to highlight these flavours throughout our menu and look forward to our summers harvest unfolding.

Cocktails 10

(1.5oz)
